Panelists

◆ **Omar Farouk**, IT Governance and Security Manager for Government Entity, UAE

◆ **Stefano Plantemoli**, Security Manager for Ufficio IV Innovazione Tecnologica per l'Amministrazione Generale of Italy's Ministry of Interior

Homework!

◆ Next week you should:

  ◆ Identify areas of blindness within your organization – from the endpoint to the network to the cloud

◆ In the first three months following this presentation you should:

  ◆ Develop a plan to eliminate areas of blindness

  ◆ Prioritize and begin adding visibility

◆ Within six months you should:

  ◆ Begin adding data enrichment (e.g., capture time data, business context, threat intelligence) to increase your understanding
